# Growing of Archery in Colombian regions

# Archery now is in 56% of national territory

It is an instrument that brings equality

# In Colombia, we follow the Korean style

Ernesto Lino Olasaba (CUB)

Myun Kwon Park (KOR)

Jae Cheng Kim (KOR)

Jaekyun Choi (KOR)

Hag Yong Kim (KOR)

Beijing 2008

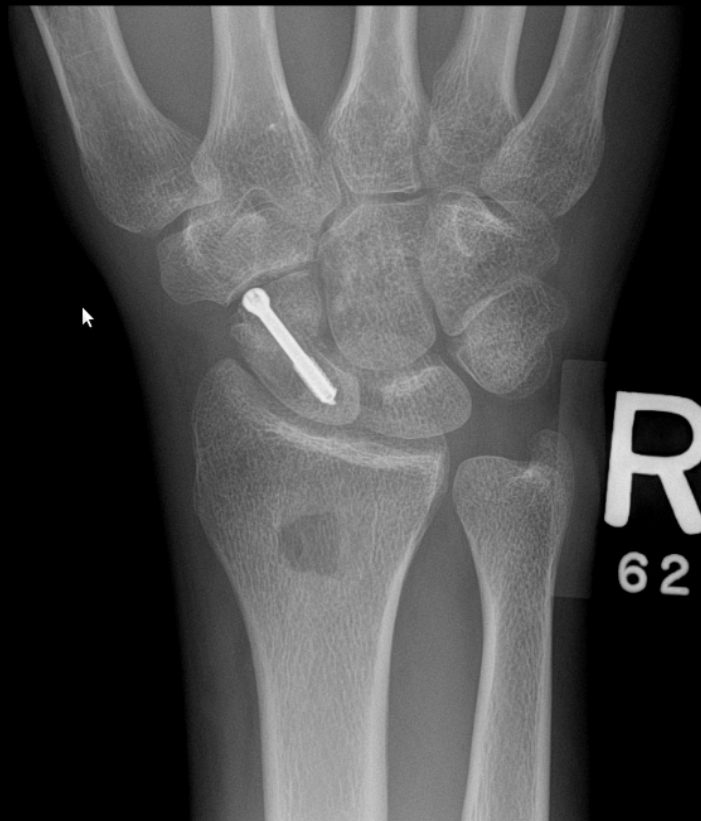

London 2012

A cartoon illustration of a pink pig standing in a green field. The pig is looking towards the right, where there are three large, dark brown piles of manure. A thought bubble above the pig's head contains the text "How all began?". The background features a tree trunk on the left and some green bushes in the distance.

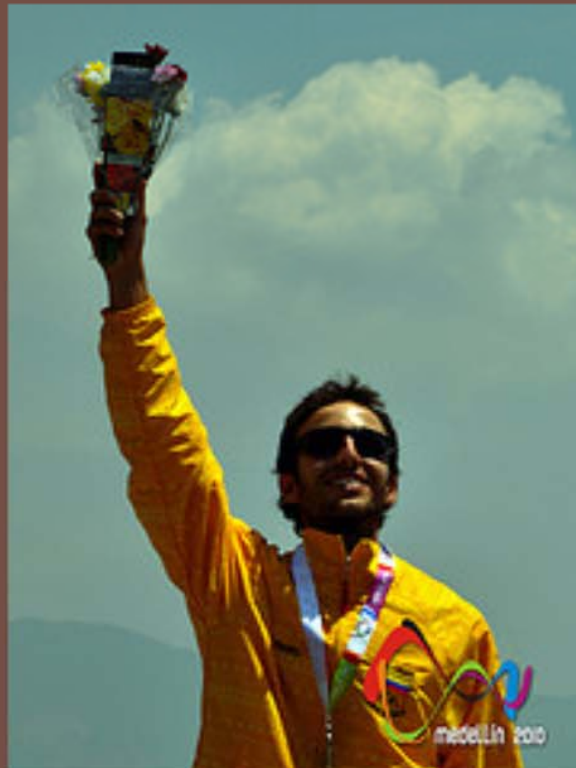

How all  
began?

# All begun with an accident

Total recovered in four months  
using PVC bow

PVC bow is a seed that you can plant everywhere

You do not need to import,  
you can do it by yourself

**HOW DO YOU MAKE A PVC BOW?**
