WORLD FAIR PLAY TROPHY

On 15th June 2013: Compound Men, Individual Medal match
World cup in Antalya.

The bronze medal match was between Martin Damsbo
(Denmark) and Braden Gellenthien (USA). Both were
warming up on the practice range before their match when

Braden's bow malfunctioned and the same happened with his spare bow,
and could not be repaired in time for the final. With no hesitation, Martin
offered Braden his spare bow, so that Braden could compete in the match.
Although Martin won the match in the end, WA wishes to nominate Martin for
his unconditional generosity and sportsmanship that made him lend his spare
equipment to an opponent, without taking into account the medal, the prize
money and the ranking points at stake for the qualification for the end of
season World Cup final in Paris.

FAIR PLAY

- This is what judges expect from athletes, but what athletes expect from judges?
 - ✓ Knowledge of rules
 - ✓ Integrity
 - ✓ Judgement
 - Protective attitude
 - Benefit of the doubt
 - Save the archers points, unless the rules say differently

What is the judges' role?

- The main task of the every judge at any tournament is to see that the championship runs smoothly, so that each and every competitor can achieve her/his best performance.
- Judges are the servants, not the owners of competitions.

Safety in Archery

"It isn't polite to point."

Safety in Archery

- **Basic rules**
 - ✓ **From the beginning to the competing athletes.**

Safety (book 2 art. 12.10)

No athlete may draw his bow, with or without an arrow, except when standing on the shooting line. If an arrow is used, the athlete shall aim toward the target butts, but only after being satisfied that the range is clear both in front of and behind the target butts.

High draw (book 2 art. 15.4.6)

When drawing back the string of his bow an athlete shall not use any technique which, in the opinion of the Judges, could allow the arrow, if accidentally released, to fly beyond a safety zone or safety arrangements (overshoot area, net, wall etc.).

- Coaches have a responsibility to see that the bows are pulled so that, if the release activates, the arrow will not fly any higher than the top of the target. This is a technique that has to be trained from the very beginning not at a championship or tournament. This may require the peak weight to be set so that is comfortable and manageable by the athlete.

Never!

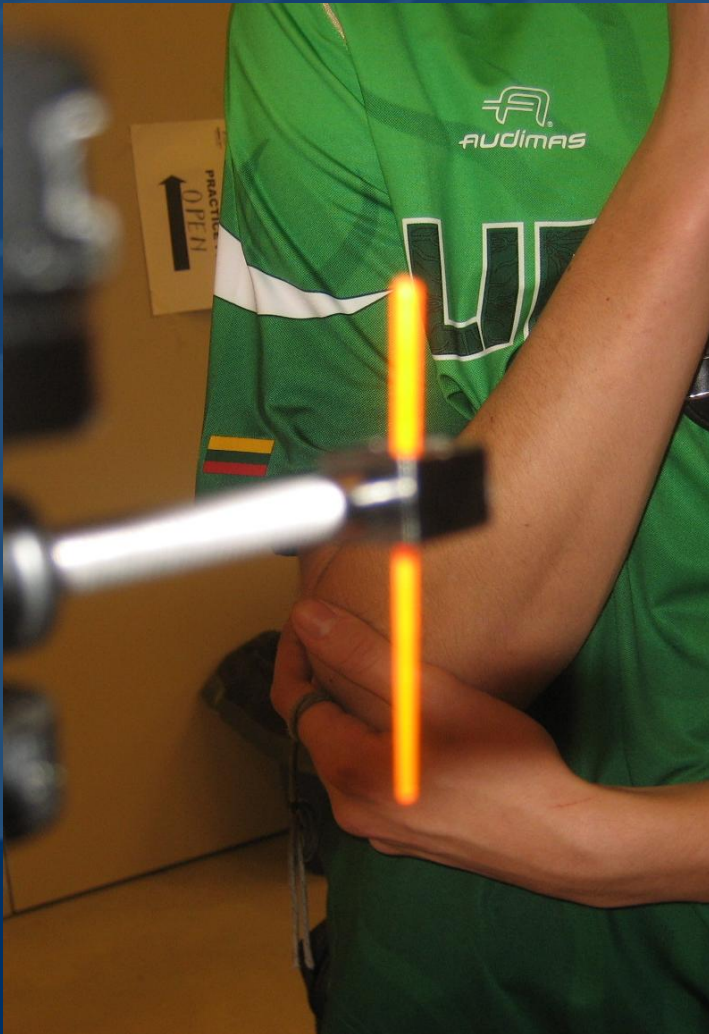

Safety in Archery

- Never point a bow towards someone.
- Never touch another athlete when they are in the shooting line;.
- Never shoot with the bow horizontally on the shooting line, the span of the bow can disturb other athletes.
- Never shoot before everyone has returned to the shooting line.
- Never shot a arrow vertically; it is impossible to know where the arrow will land.

Dress regulations

- The most important about dress regulations is:
 - ✓ Sport clothes, (not camo colors clothes).
 - ✓ In team events all the members have to wear the same design and colors.
 - ✓ Comply with the provisions regarding measures, sizes and safety.

Equipment inspection

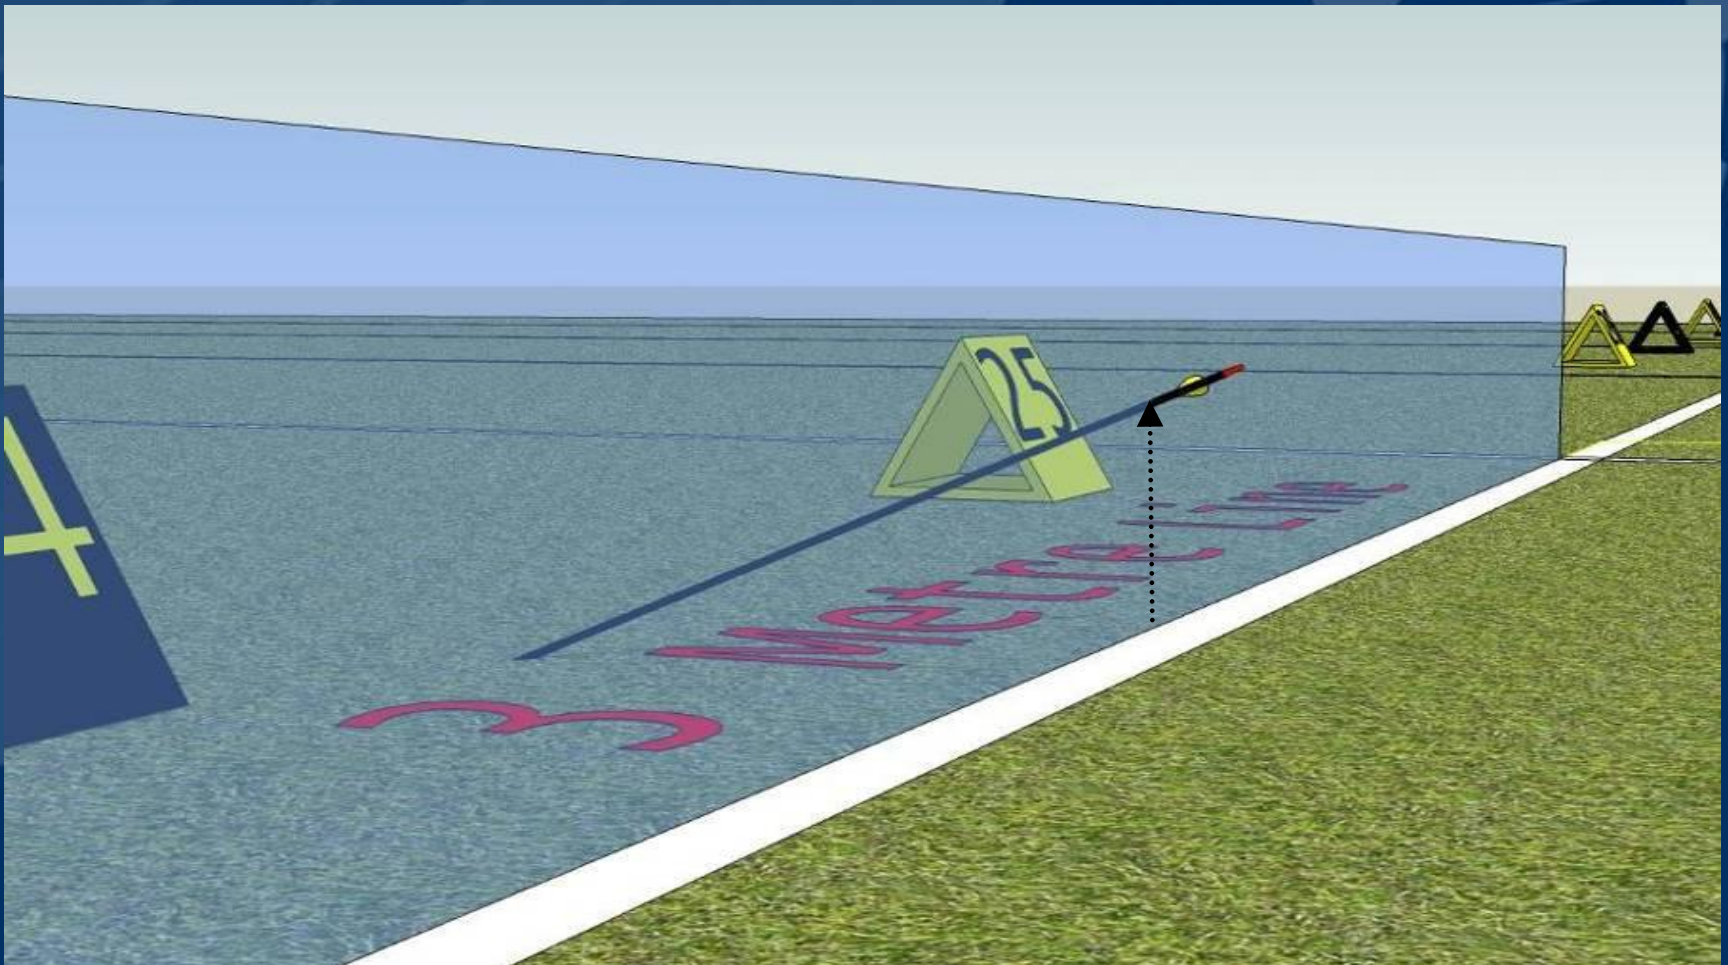

On the shooting line

- ✓ Equipment failures
 - Bouncers, pass-through, hanging arrows, etc.
- ✓ Athletes leaving the line.
- ✓ Coaching information on the shooting line
- ✓ Shooting time
 - Shooting Before and After the Signal
 - Athletes are not allowed to raise the bow until the signal is given

On the shooting line

- 3 Meters line

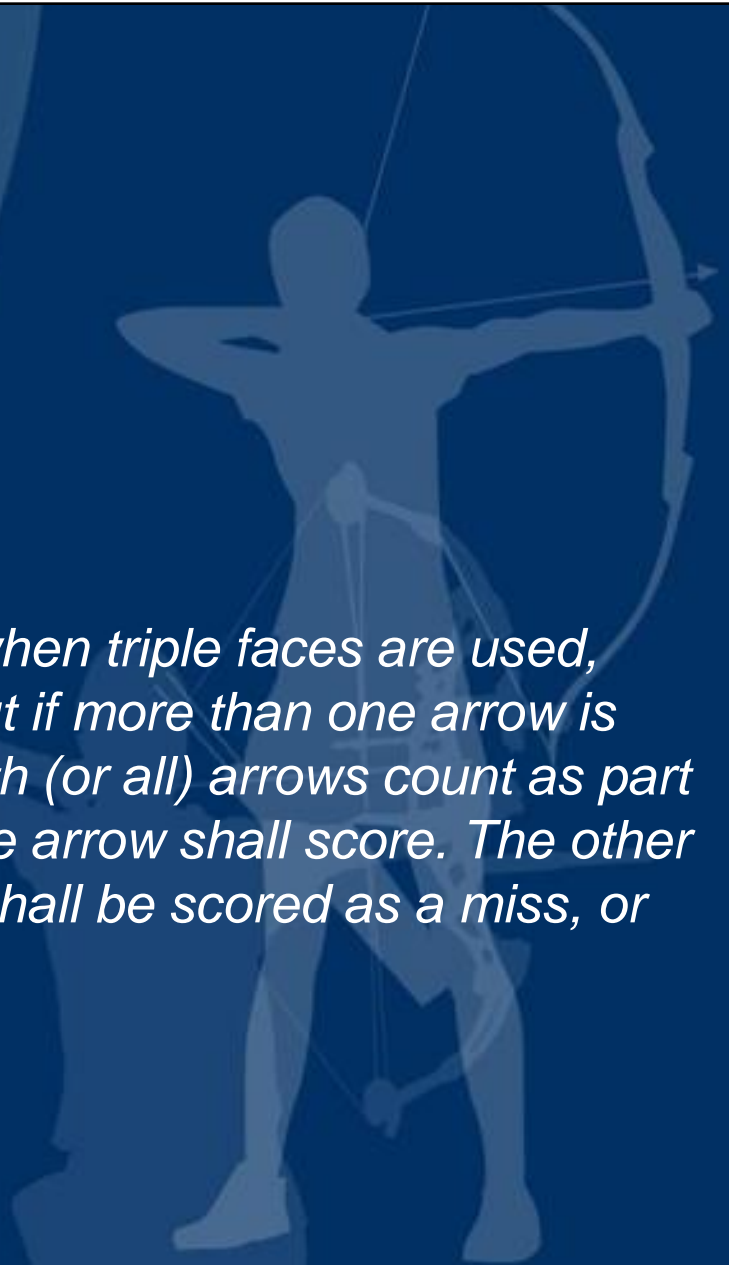

On the target line

■ Scoring

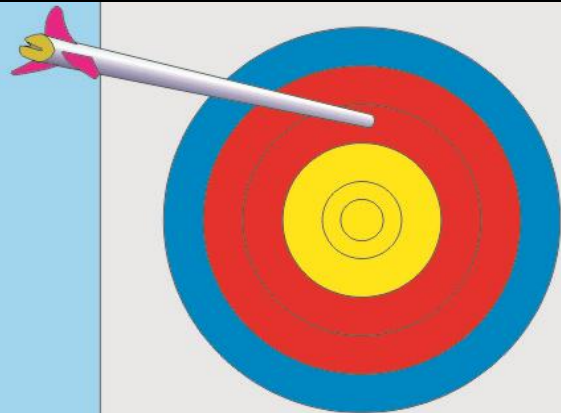

- We have to score arrows starting for the highest and ended for the lowest.
- *14.2.1. None of the arrows, the target face or butt shall be touched until the value of all the arrows on that butt has been recorded.*
- *14.2.5. Arrows embedded in the butt and not showing on the face can only be scored by a Judge.*
- *17.1.1. A mistake on the scorecard may be corrected before the arrows are drawn, provided that all the athletes on the target agree on the correction. The correction shall be witnessed and initialed by all the athletes on the target. Any other disputes concerning entries on a scorecard shall be referred to a Judge.*

Scoring

- Too many arrows shot
- Multiple violations
- Scoring multi-target faces
 - ✓ *For indoor events or field archery when triple faces are used, arrows may be shot in any order, but if more than one arrow is shot into the same scoring area, both (or all) arrows count as part of that end, but only the lowest value arrow shall score. The other arrow, or arrows, in the same spot shall be scored as a miss, or as misses..*

Score cards

- 14.4. Scorecards shall be signed by the scorer and the athlete, indicating that the athlete agrees with the value of each arrow, the sum total, the number of 10's and the number of X's (or 9's for indoors). If the scorer is participating in the shooting, his scorecard shall be signed by another athlete on the same target butt.
- *14.4.1. Each target will have two scorecards one of which may be electronic. If there is a discrepancy in the arrow values between an electronic and a paper score card, the paper card will take precedence.*

The organizers are not required to accept or record scorecards that have not been signed, and/or do not contain the sum total, and/or the number of 10's and/or the number of X's (or 9s for indoor) and/or which contain mathematical errors.

The organizers or officials are not required to verify the accuracy of any submitted scorecard, however if the organizers or the officials note an error at the time of submission, they will ask the athletes concerned to correct such error and the result as corrected will stand.

Team events

- Yellow cards
 - ✓ They are minor violations, and imply waste of time.
- *(a) two athletes cross into the area between the one metre line and the shooting line at the same time. For consistency in judging we assume that this has taken place when both athletes have one foot each on the ground in the one metre area.*
- *(b) an athlete whilst leaving the athletes' box and proceeding to the shooting line, removes her/his arrow from the quiver, and in doing so exposes the point of the arrow before straddling the shooting line.*
- *(c) an athlete crosses the one meter line before the count-down clock for his team starts counting down.*

19.4. *The decision of the Jury is final it cannot be appealed.*

Final deliberation.

Finally I would like to emphasize that archery, according to my experience, is a sport that fair play is a standard pattern, may be due to the fact to the difference with other sports, where it is necessary that the opponent fails if we want to win, or perhaps to the fact that archery is still a ladies and gentlemen's sport. At any rate, I would like to ask all of you to do whatever is in your hand to continue in that way.
